

DSF-12-03

To USPTO

What is the status of my patent. This patent had 2 versions: Application No: 09992749 and 09990394. Please see attached. All patents have a petition to make special that qualify them for an expedite review.

Please assist me once more and contact the USPTO on my behalf. I am afraid that the patent with 2 versions was lost at USPTO and this is the reason that I did not receive the filing receipts.

Thank you for your assistance

Sincerely Yours

Vlad Moldovan
